KITCHENER

Klaus Woerner, President, ATS

An Automatic Choice

"When we were ready to start up ATS, we looked at a lot of places. But when we looked at Kitchener, it was an automatic choice. It had everything we needed ... a central location, a highly motivated workforce, and one of the best trained technical labour pools in North America."

Kitchener Means Business

The Business Development Department will assist companies looking to start, expand or relocate their business to judge the feasibility of setting up shop in Kitchener.
